

Venue:Hilton Shenzhen Shekou Nanhai

17 September Morning Session 08:30-12:15

- 08:00 Audience Reception**
- 08:50 Welcome Remarks** Adsale Group  
 Shenzhen Polymer Industry Association - Dong Zhou, President  
 Shenzhen Mobile Communications Association - Jingwei Yu, Secretary General
- 09:00 Shenzhen 5G Industry Alliance** - Dr.Guoqing Hu, Deputy Director of Expert Committee  
*Opportunities for 5G consumer electronics industry*
- 09:20 Lenovo (Shenzhen) Electronics Co., Ltd.** - Gence Shi, Director, Lenovo Research  
*New trends in brands and materials in the post-pandemic era*
- 09:50 JSW Plastics Machinery (Shenzhen) Co., Ltd.** - Amy Xie, Sales  
*JSW new smart injection molding machine use for 3C electronics*
- 10:10 Coffee Break / Networking / Exhibition Visiting**
- 10:40 Shanghai Amphenol Airwave Communication Electronics Co., Ltd.**- Hector Li, R & D Director  
 Manager *The technologies and opportunities of antenna in the early stages of 5G*
- 11:10 ZTE Corporation** - Zhe Liu, Chief Engineer  
*Selection of three key polymer materials for 5G communication*
- 11:40 Shenzhen Polymer Industry Association** - Wenguang Wang, Executive Vice President and Secretary  
 General *The selection of three key polymer materials for 5G communication*
- 12:10 Group Photo**
- 12:15 Networking Lunch**

**The Moderator:** Wenguang Wang  
 Shenzhen Polymer Industry  
 Association, Secretary General

17 September Afternoon Parallel Modules 13:30-18:00

- Parallel Sub-Forum: Plastics for 5G: Functional new materials and precision/smart manufacturing**  
**The Moderator:** Dr.Qiu Yaohong , Association of CAE Molding Technology, Director
- 13:30 Association of CAE Molding Technology** - Dr.Qiu Yaohong, Director  
*MIM materials for 5G applications*
- 14:00 SHANGHAI-FANUC Robomachine Co., Ltd.** - Xianzhe Xu, Manager of Technical Support DEP  
*Injection molding applications in 5G*
- 14:20 Mordern Precision** - YuKon Huang, Engineering Vice General Manager  
*The new trend of multi-shot injection molding technology*
- 14:50 Wanhua Chemical Group Co., Ltd.** – Zimu Wang, Product Manager, Advanced Material Solutions  
 Business Unit *5G radome material solutions*
- 15:10 Coffee Break / Networking / Exhibition Visiting**
- 15:30 Suzhou Napo Advanced Material Technology Co., Ltd.**- Xuanquan Zhou, General Manager/President  
*PPS material solution for functionalized / light-weight devices of 3C*
- 15:50 Huizhou Shuobeide New Materials Technology Co.,Ltd.** - Jially Xu, Director of R & D Center  
*Future application of OMD process in 5G products*
- 16:20 Sodick Co., Ltd.** - Pengde Liu, Application team leader  
*Innovation solution in 5G smartphone back case molding*
- 16:40 Mitsubishi Electric Automation (China) Ltd.** - Tieming Chen  
*Application of Mitsubishi Electric AI Technology in 3C Electronics Industry*
- 17:00 Brainstorming**

## Parallel Sub-Forum: Consumer electronics innovative design and technology hotspots

**The Moderator:** Baoguo Li, Shenzhen New Material Solutions Co., Ltd., Deputy General Manager

**13:30 Wingtech Technology** - Zhi Xue, Marketing Director

*Demand for housing materials to increase due to popularization of 5G mobile phones*

**14:00 Hongrita Plastics Ltd.** - Steven Wei, Business Manager

*Multi-component molding technology application in Hongrita*

**14:20 Cmfrend Innovation Experimental Workshop** - Felix Liu, Founder / Chief CMF Expert

*Innovative design of consumer electronics CMF under the new trend*

**14:50 Audia Elastomers** - Richard Chen, Manager Market Development, Asia Consumer Market / Shaokun Wen, Product Manager - Asia

*Audia elastomers "OP" line – more sustainable TPE solution for 3C products*

**15:10 Coffee Break / Networking / Exhibition Visiting**

**15:40 KONKA Group** - Wanheng Chen, Design Director of Mobile Internet Business Unit

*Benchmark product design and traditional culture*

**16:10 SABIC**-Steven Song, Lead Scientist of market development and technical supports Petrochemicals, SABIC Greater China

*SABIC's Renewable and Bio-based material solution to 3C industry: Circular use of plastics materials for sustainable development*

**16:30 Microban International (Asia) Limited** - Winnie Chen, APAC Technical Service Engineer

*Redefining Clean in 3C Electronics with Built-In Antimicrobial Technology*

**16:50 Brainstorming:** *Discussion on the latest hotspots and development directions of innovative design, material and technology application of mobiles/wearable products in the post-epidemic and 5G era.*

## Concurrent Events:

| Date         | Time        | Activity   | Target Audience   |
|--------------|-------------|--|---|
| September 17 | 15:00-16:00 | <p>Kingfa Technical Seminar</p> <p><b>The Moderator:</b> Wenguang Wang<br/>Shenzhen Polymer Industry Association,<br/>Secretary General</p> <p><b>Activity Arrangement:</b></p> <p>1、 <b>Keynote Speech</b> 20-25 minutes<br/>An'nan Guan, Senior Application Manager<br/><i>Plastic and rubber materials for 5G applications</i></p> <p>2、 <b>On-site Discussion</b> 35-40 minutes</p> <p>① <b>Base Station</b><br/>Guan Annan, Senior Application Manager<br/>Feng Zhen, Senior Sales Manager of East China Region and Leader of East China Project Team</p> <p>② <b>Terminal Application</b><br/>Wei Tong, General Manager of PC Product Line<br/>Weike Cui, Huawei Key Account Manager</p> | Intelligent ecological Electronic end-use enterprises, communication, mobile phone and 5G application enterprises |

**Business matching service will be served whole day, the VIP gala dinner will start from 19:00**

**18 September 08:30** Assemble at the hotel lobby, then visit the plant (Shuttle bus arranged for visitors)

**Route 1:** Take shuttle bus to Shenzhen FRD Science & Technology Co., Ltd. to participate in the 5G technology exchange meeting and visit the exhibition hall.

**Route 2:** Take shuttle bus to Lenovo (Shenzhen) Electronics Co., Ltd. to participate in the 5G / laptop / antivirus solution exchange meeting.

Remarks: By invitation
